Notes:

- Figures are rounded off.
- Of preferred shares, JPY45.0 billion of those indicated by # (for the former Hokkaido Bank) and those indicated by * were subordinated bonds at the time of injection.
- Preferred shares were converted to common shares before disposition.
- Preferred shares at the time of injection; those injected pursuant to the Early Strengthening Act (remaining balance of JPY120 billion) were acquired by the bank as mandatory acquisition on August 1, 2007, and common shares were issued in exchange. Regarding the amount (JPY96,886.4 million after the reduction of capital) injected pursuant to the former Financial Functions Stabilization Act, the DICJ made an acquisition claim on March 31, 2008 and acquired common shares.
- Preferred shares at the time of injection. Remaining balances of JPY150 billion (type 2) and JPY50.35 billion (type 3) were acquired by the bank as mandatory acquisition on August 1, 2009, and common shares were issued in exchange.
